

Andrei Stancu

Cybersecurity Lead Consultant – Microsoft Security

andrei.stancu@bearingpoint.com | +40 796 678 234 | Bucharest, Romania | [linkedin.com/in/andrei-stancu-security](https://www.linkedin.com/in/andrei-stancu-security)

PROFESSIONAL SUMMARY

Cybersecurity Lead Consultant with 12+ years of experience in enterprise security architecture, Microsoft Defender stack deployment, SIEM/SOAR engineering, and Zero Trust implementation. CISSP-certified with hands-on expertise across the full Microsoft Security portfolio (MDE, MDI, MDCA, MDO, Sentinel, Purview, Entra ID P2). Grew client Microsoft Secure Score from 32 to 74 in 9 months and reduced Mean Time to Detect from 14 days to 4 hours through targeted detection engineering. Also holds OSCP and CEH certifications.

WORK EXPERIENCE

BearingPoint *Bucharest, Romania – 2019 – Present*

Cybersecurity Lead Consultant

- Led Zero Trust security implementation for TelecomRO (5,800 employees, 15,000 endpoints): Secure Score from 32 to 74; MTTD from 14 days to 4 hours; 0 ransomware incidents in 9 months post-deployment.
- Deployed Microsoft Defender for Endpoint (MDE) to 15,000 endpoints in 3 controlled waves; detected and remediated 14 incidents of residual malware within first 30 days of go-live.
- Designed and built Microsoft Sentinel SIEM/SOAR: connected 8 data sources, created 28 custom analytics rules for telecom-specific threats (toll fraud, SIM swapping), implemented 6 automated response playbooks (endpoint isolation, password reset, ticketing).
- Implemented Microsoft Purview Information Protection for TelecomRO: 5-level classification schema, 23 DLP policies across email/SharePoint/Teams/endpoints; designed monthly exception audit process.
- Implemented Entra ID P2 security controls for 3 clients: Conditional Access, Privileged Identity Management (PIM), Identity Protection risk policies; reduced standing admin accounts by 100%.
- Delivered security architecture advisory for Nordica Insurance M365 project, configuring baseline Conditional Access, MFA enforcement, and Intune device compliance.

PwC Romania *Bucharest, Romania – 2015 – 2019*

Cybersecurity Consultant

- Conducted ISO 27001 gap assessments for banking and telecommunications clients; delivered remediation roadmaps adopted at board level.
- Led external and internal penetration testing engagements and vulnerability assessments for 7 enterprise clients.
- Designed SIEM architectures using Splunk and IBM QRadar for 3 enterprise clients in financial services.
- Developed and delivered security awareness training programmes reaching 2,000+ employees in Romania and Bulgaria.

Orange Romania *Bucharest, Romania – 2011 – 2015*

Security Engineer

- Managed Palo Alto and Cisco ASA firewall policies for Orange Romania's enterprise and carrier-grade network infrastructure.
- Monitored SIEM events (Splunk) and responded to security incidents; reduced false positive rate by 40% through alert tuning.
- Implemented 802.1X-based Network Access Control (NAC) for the corporate LAN using Cisco ISE.
- Prepared quarterly security posture reports for the CISO and infrastructure leadership team.

EDUCATION

M.Sc. in Information Security – Politehnica University of Bucharest – 2013

CERTIFICATIONS

- CISSP – Certified Information Systems Security Professional
- OSCP – Offensive Security Certified Professional
- CEH – Certified Ethical Hacker (EC-Council)
- Microsoft Certified: Security Operations Analyst Associate (SC-200)
- Microsoft Certified: Identity and Access Administrator Associate (SC-300)

TECHNICAL SKILLS

Microsoft Security: Microsoft Defender for Endpoint (MDE) · Microsoft Defender for Identity (MDI) · Defender for Cloud Apps (MCAS) · Defender for Office 365 · Microsoft Sentinel

Identity & Access: Microsoft Entra ID P2 · Conditional Access · Privileged Identity Management (PIM) · Identity Protection · Entra Private Access (ZTNA)

Compliance: Microsoft Purview · Information Protection · DLP · Audit & eDiscovery

Security Architecture: Zero Trust Architecture · SIEM/SOAR Engineering · Threat Intelligence · Penetration Testing · ISO 27001 · Vulnerability Management

Platforms: Palo Alto NGFW · Splunk · IBM QRadar · PowerShell · KQL (Kusto Query Language)

LANGUAGES

Romanian: Native

English: C2 – Proficient

French: B1 – Intermediate
