PROFESSIONAL SUMMARY

Change Management Lead with 15+ years of experience designing and delivering large-scale organisational transformation programmes across Europe. Prosci-certified ADKAR practitioner with expertise in digital adoption (ERP, M365, HCM), HR transformation, leadership development, and communication strategy. Managed change programmes for organisations ranging from 800 to 50,000 employees, consistently delivering above-target adoption rates within planned timelines. Languages: German (native), English (C2), French (B2).

WORK EXPERIENCE

BearingPoint *Berlin, Germany (Europe-wide projects) – 2016 – Present*

Change Management Lead

- Led HR Transformation change management programme for Primus Pharma Group (2,400 employees, Romania & Bulgaria): SAP SuccessFactors adoption programme achieving 98% manager digital evaluation completion in first cycle.
- Designed and delivered M365 adoption programme for Nordica Insurance (1,800 users): 12 role-specific training sessions, Teams Champions Network of 60 users, 87% weekly active Teams adoption at 30 days.
- Built and managed Change Champion networks (15–30 ambassadors per organisation) for 4 BearingPoint client transformations.
- Developed comprehensive communication plans, training curricula, and organisational readiness assessment frameworks reused across BearingPoint's CEE practice.
- Redesigned SuccessFactors annual performance evaluation form for Primus Pharma line managers, reducing from 22 to 9 mandatory fields and increasing adoption from 0% to 98%.
- Conducted executive alignment workshops for C-suite stakeholders, resolving conflicting priorities and securing unified sponsorship for transformation programmes.

McKinsey & Company *Frankfurt, Germany – 2011 – 2016*

Change Management Consultant

- Supported organisational restructuring projects for DAX 30 clients in automotive, chemicals, and financial services.
- Designed HR operating model redesign for a European financial services firm (12,000 employees), covering role clarification, competency frameworks, and manager enablement.
- Led training needs analysis and curriculum design for a 5,000-employee digital transformation programme.
- Facilitated executive alignment workshops and provided one-to-one leadership coaching for 20+ senior leaders.

Deutsche Telekom AG *Bonn, Germany – 2008 – 2011*

HR Development Specialist

- Designed and delivered leadership development programmes for mid-level managers across 3 business units.
- Managed competency framework update involving 40 job families and 8,000 employees.
- Facilitated annual organisational health surveys and facilitated action-planning workshops based on results.
- Coordinated cross-functional talent review processes and succession planning for key positions.

EDUCATION

Master of Business Administration (MBA) – European School of Management and Technology (ESMT), Berlin – 2011
