

Radu Constantin

Senior Cloud Architect – Microsoft Azure

radu.constantin@bearingpoint.com | +40 734 456 890 | Bucharest, Romania | [linkedin.com/in/radu-constantin-azure](https://www.linkedin.com/in/radu-constantin-azure)

PROFESSIONAL SUMMARY

Senior Cloud Architect with 10+ years of experience designing and delivering enterprise Azure solutions, including large-scale infrastructure migrations, Zero Trust security architectures, and cloud-native data platforms. Microsoft Certified Azure Solutions Architect Expert with deep hands-on expertise in Terraform, AKS, Entra ID, and Azure networking. Passionate about infrastructure as code, FinOps, and measurable security improvements.

WORK EXPERIENCE

BearingPoint *Bucharest, Romania – 2020 – Present*

Senior Cloud Architect

- Architected Azure hub-spoke network topology and ExpressRoute connectivity for GlobalPack Manufacturing cloud migration (47 workloads, 9 months); resolved critical latency issues through Azure Traffic Manager optimization.
- Designed and implemented Zero Trust security architecture for TelecomRO (15,000 endpoints), improving Microsoft Secure Score from 32 to 74 in 9 months.
- Designed Azure Data Lakehouse infrastructure (ADLS Gen2, Databricks, Synapse Analytics) for EuroAgro International across 5 countries.
- Replaced legacy VPN for 800 remote users at TelecomRO with Microsoft Entra Private Access (ZTNA), improving access performance and eliminating split-tunnelling risks.
- Built a library of 40+ reusable Terraform modules for Azure Landing Zones, adopted across 6 BearingPoint client engagements.
- Configured Azure OpenAI Service integration for VitaRetail Copilot Studio agent, including content filtering and generative answers tuning.

Microsoft Romania *Bucharest, Romania – 2016 – 2020*

Cloud Solutions Architect

- Provided pre-sales and post-sales Azure architecture guidance for 30+ enterprise accounts in Romania and Bulgaria.
- Led Azure Landing Zone deployments for 15 enterprise clients, including identity, networking, security, and governance pillars.
- Delivered Azure architecture training workshops for Microsoft Partner Network organisations.
- Supported enterprise clients in transitioning from on-premise datacentres to Azure, achieving average infrastructure cost reductions of 35%.

Accenture Romania *Bucharest, Romania – 2013 – 2016*

Infrastructure Engineer

- Managed VMware vSphere 5.x/6.x environments for international clients in financial services and retail sectors.
- Designed network segmentation and firewall policies for datacentre migrations (Cisco ASA, Palo Alto).
- Implemented backup and disaster recovery solutions using Veeam and Zerto for RPO/RTO compliance.
- Automated infrastructure provisioning using PowerShell and VMware PowerCLI, reducing server build time by 70%.

EDUCATION

M.Sc. in Distributed Systems – Politehnica University of Bucharest – 2015

B.Eng. in Computer Science – Politehnica University of Bucharest – 2013

CERTIFICATIONS

- Microsoft Certified: Azure Solutions Architect Expert (AZ-305)
- Microsoft Certified: Azure Administrator Associate (AZ-104)
- HashiCorp Certified: Terraform Associate
- Microsoft Certified: Azure Security Engineer Associate (AZ-500)

TECHNICAL SKILLS

Cloud Platform: Azure IaaS/PaaS · Azure Kubernetes Service · Azure App Service · Azure SQL · Azure Monitor · Azure Networking

Security: Microsoft Entra ID · Conditional Access · Entra Private Access · Azure Firewall · DDoS Protection

DevOps & IaC: Terraform · Azure DevOps · Bicep · Docker · Helm

Scripting: PowerShell · Bash · Python (basic)

LANGUAGES

Romanian: Native

English: C2 – Proficient

German: B1 – Intermediate
